“A Text From Son To Mother”

Dear Mom,

First of all, thank you for being my number one support system when I needed you most. Thank you for standing by me when I had to make difficult decisions and when we didn't see eye to eye.

You let me make my own decision and gave me the confidence that I was doing the right thing even when really I wasn't doing the right thing. The lessons you have taught me about life and how to be successful at whatever I do will take me far.

Thank you for teaching me many life skills and lessons, how to be more independent. Because without teaching me to be independent, I wouldn't be able to come out of everything I go through by myself on the daily basis.

Thank you for giving me a hug everyday and still calling me your baby even when you are mad at me or wanna beat me up with a baseball bat.

You mean more to me than I can put into words. The relationship that I have with you is something I cherish and I am very lucky to have such a close bond with my mother and you are the most important woman in my life.

I Love You Mommy.

Happy Mother's Day!
