A LIFE

Be The Reason
Someone Smiles
TODAY

My Dear Family and Friends,

I'm sorry I had to depart on a rather quick note at 9:51 pm on Saturday March 31st. As I was talking to my daughter on the phone, I had to take a rather important call for a new job offer. It appears my job duties are complete on earth!

Donnie, we had 53 amazing years together. You were my first and my last love. Our greatest accomplishment was our 2 great kids and the 5 fab Grandkids. This past year we spent so much quality time together as you got your strength back. And now you get to enjoy those special moments of graduations, weddings and much golf. I will be with you and Pepper dog every day. Thank you for your unconditional love!

Donna my dear, you were my best friend. My voice was the first that you heard the day you were born, and your voice was the last I heard the night I left this earth. What a gift you have been in my life and I am so very proud of you. As I said during our last conversation, you are strong enough to do anything! Continue to be kind, caring, gentle and use those creative gifts to help others.

Doug, as our son in law, we enjoyed many great times at Lake 5 and around the campfire and Turtle Bay. I always appreciated your help during our harvest time. Thank you for being such a good dad and I know you will continue to love your family!

Keven, my Sonny Boy, you made me so proud of your hard work ethic and providing for your family. Farming is in your blood and my heart is happy to see you work side by side with your dad. You have been a great blessing for me and I through the years! You are a great dad and role model for those kids.

My favorite daughter in law, Vicki, you have shown courage in the face of breast cancer. I said so many prayers for you and thankful for your healing. You are such a good mom and I am grateful for the time we spent together over the years.

Josie Maye, you are my first born, strong willed, and determined granddaughter! You are going to be an amazing lawyer with fire in your voice from your grandma and your gentle caring side from your mom, a perfect combination. You and your mom are best friends and I know share the same love that she and I shared. Grandma is always here to give her opinion on your outfit and shoe choice.

Jess my heart is full of pride in your beautiful artwork, and your kind and gentle spirit. Use those gifts to touch the lives of other. Thank you for the hugs and unconditional love! I am your biggest support and when you are drawing, quiet your heart and steady your hand and I promise you will know I am there.

Jaxon, you arrived into this world with the strength of a bull and ready to embrace life. That attitude continued in your sports as you commanded the court and football field. I was your greatest fan! Use that fierceness throughout these next years in college and as you discover the perfect career.

Canon, your leadership skills with the 4H kids made grandma so proud. You are such a wonderful role model to those young kids and I know that your future will shape many lives! Embrace your new adventures at MSU! Remember grandma is always with you.

My Camille Ann, grandma loves you very much. I am so grateful to see your first prom and how beautiful you are. I will continue to be cheering you on during softball and volleyball, just listen for grandma's voice. I'm sorry I had to leave you so early sweetie but feel my hugs every day.

To all my friends, they say life happens between the dash. I am so blessed to have shared that dash with all of you! Love your family as you never know when you might get that call. There are no good byes, just until I see you all again! I'm off for coffee with Elaine and Floyd and Virginal, then it's time to start my new job duties!

I love you all,

Grandma Marcia
