Loving Sentiments

Grandma was like my second mom, we would always laugh together and share stories. Grandma treated me like I was her last born son, Grandma Frankie will never be forgotten - ***Love, TJ***

Grandma Frankie was a really good grandmother. She always looked out for me and she was very caring! We had a lot of good memories together and I'll miss her!
- ***Love, Evian***

My grandma was the best. She loved me and she was always happy. I looked up to my grandma because she was strong even when she was in pain. We always baked cakes and had good conversations. — ***Love Samaya***

Dear Mother, words cannot express the feelings I'm dealing with right now. But I find great comfort in knowing that to be absent from the body is to be present with the Lord.

- ***Love your Son Grady***

Momma

I thank you so much for your many lessons...

You've taught me how to stand independent, how to be a responsible man, a husband, and an leader... You gave me so many antidotes to help manage this thing called life...

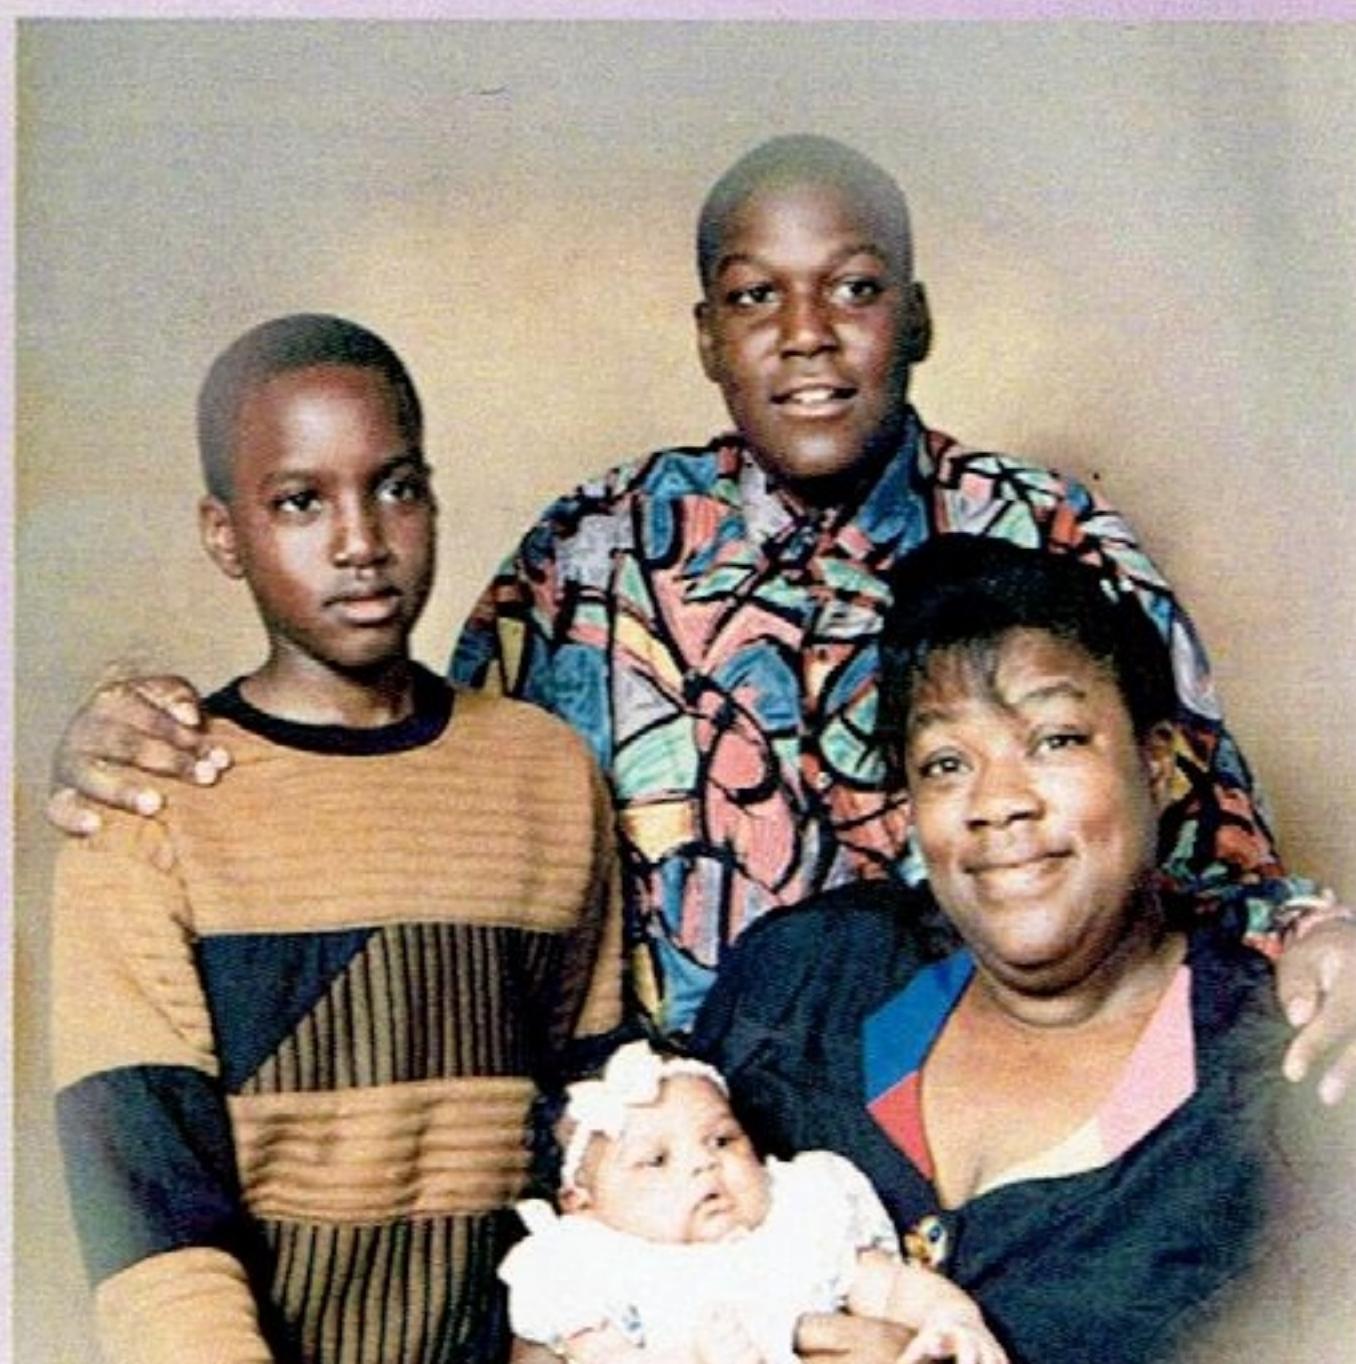

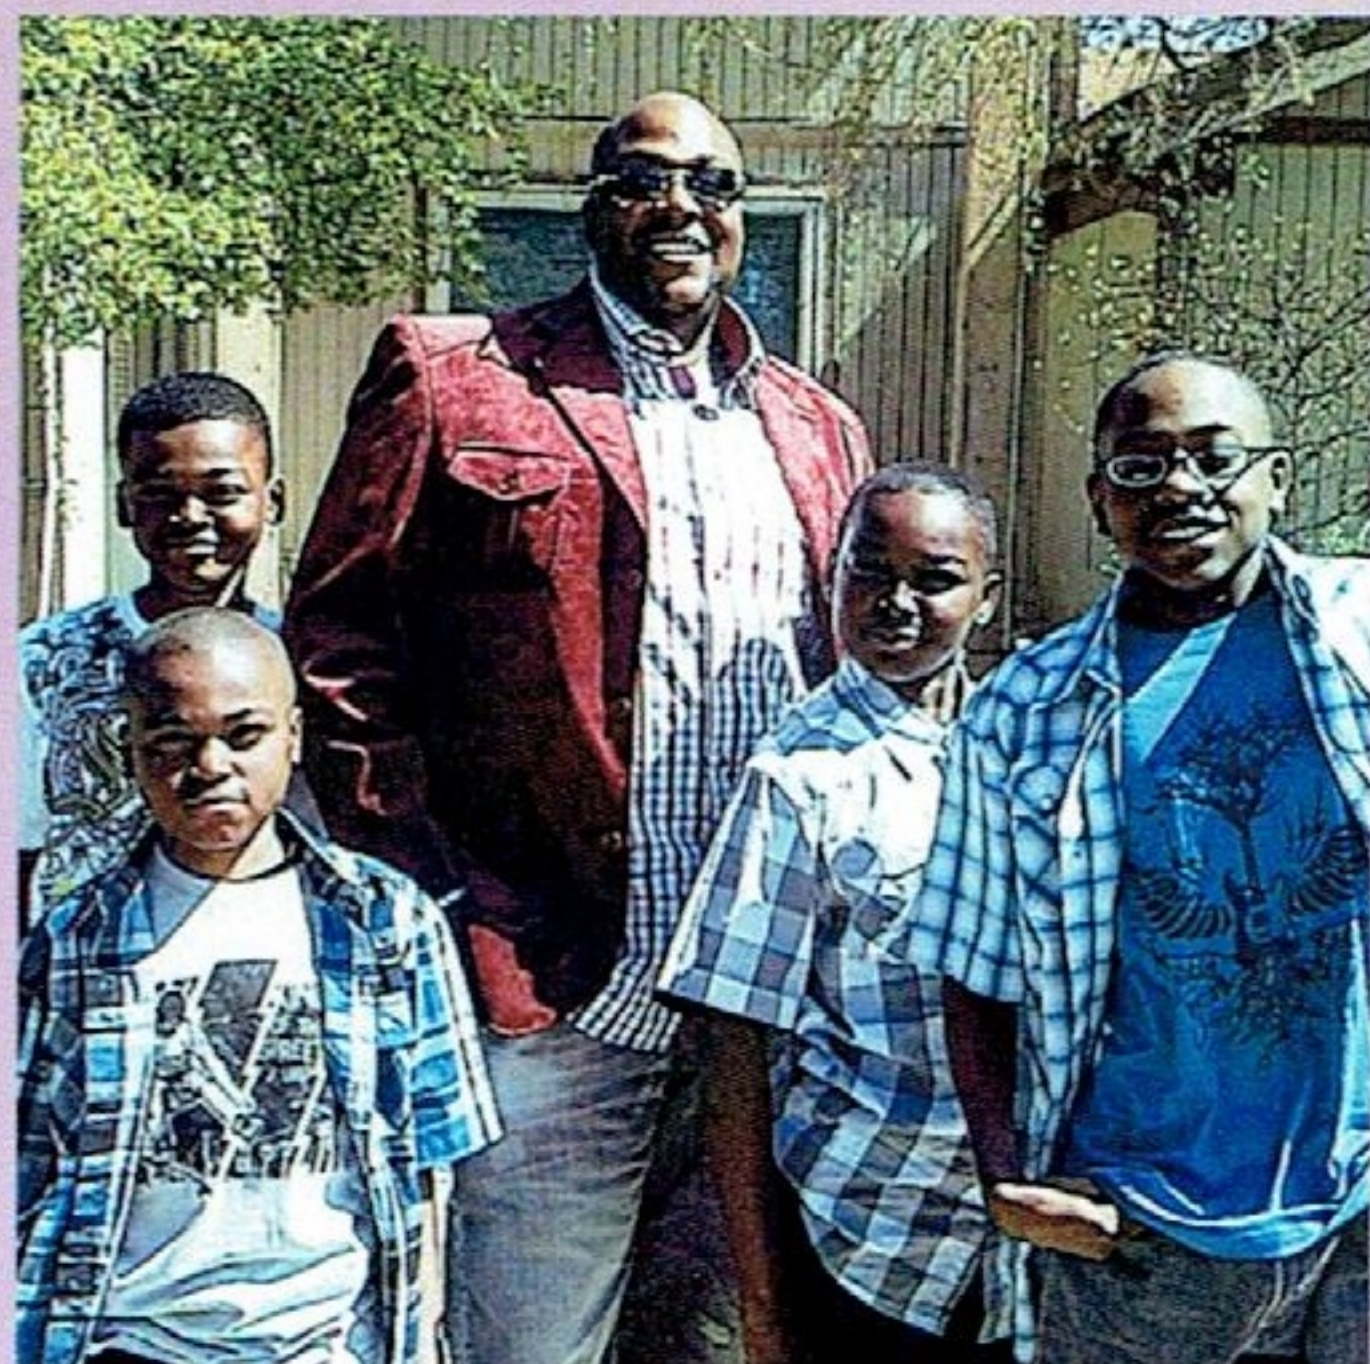

I'm really going to miss you, our silly moments, our family vacations, our talks about the bible, our political views, even me fussing about you buying things you don't need...

Momma many may never know your silent strengths, wisdom, & knowledge that you carried...

You never said too much, but you said enough to show that you will stand your ground & will not be moved.

- Love your son Tour'e
