**The moment that you left me**

My heart split in two. One side filled with memories, the other side died with you.

I often lay awake at night when the world is fast asleep, and take a walk down memory lane with tears upon my cheek.

Remembering you is easy, I do it everyday: but missing you is a heartache that never goes away. I hold you tightly within my heart and there you will remain. You see life has gone on without you, but it will never be the same.
