

"Dad"

*If I could have one moment
with my dad again,
I'm not sure I could take it
or withstand the pain.*

*You see, a moment is
not long enough
And I don't think I would
survive losing my dad
a second time if he
didn't stay alive.*

*My heart whimpers badly at
the thought that he is gone
but that is where I got my
strength—from my dad,
to live again.*

*I know there will come a
day when life is done for me
And I will return to a place
where my dad would be
waiting for me.*

"There Is A Time For Everything"

*There is a time for everything,
And a season for every activity under the heavens:
A time to be born and a time to die,
A time to plant and a time to uproot,
A time to kill and a time to heal,
A time to tear down and a time to build,
A time to weep and a time to laugh,
A time to mourn and a time to dance.*
