"I Will Always Love You"

If I should stay
I would only be in your way
So I'll go but I know
I'll think of you every step of the way
And I will always love you
I will always love you
My darling, you
Bittersweet memories
That is all I'm taking with me

So good-bye
Please don't cry
We both know I'm not what you need
And I will always love you
I will always love you
I hope life treats you kind
And I hope you have all you've dreamed of
And I wish you joy and happiness
But above all this I wish you love

"Bo-Jingle"

He came into my life like a strong wind, he didn't ask, he commanded me with faith, trust and honesty. He guided and confided in me, into the direction he wanted us to go and the right way to do the things we had to do. It may have sounded to others like threats, but we knew the words he spoke were to protect. We knew it, whether we were together or apart. We were very close, and I do mean very close. And dear to his (Jingles) heart, his strength, his unselfishness will long live and be present in us because we were his first love (Love Maze). We had his trust. His will with us, was never neglected, for his life with us, he always protected.
