Never Say Goodbye

There can be no goodbyes for us, It would be too painful, dear
Our connection still lives on, although you're far from here.
I miss the times that we once had, but one day, once again
I'll hold you close and laugh with you, I just wish I knew when.
Each moment til that day arrives, until my time is through,
I'll miss you more than words can say, and always think of you
I'll look for you among the stars, and each dawn's pastel sky,
And whisper words of love to you, but never say goodbye. (The Family)
