Obituary

Salena Yvette West was born to the proud parents of Mary Eugenia Crowdus and Roosevelt Roland West on May 20, 1985 in Pasadena, California.

As a child, Salena grew up in Fontana, California and attended schools in the Fontana Unified School District. Salena and her family relocated to Sacramento where Salena graduated from Antelope View Charter School on May 27, 2004.

On October 18, 2003 Salena was blessed with a beautiful baby boy named Darell Curry who stole her heart. Salena always said that Darell was her best friend and meant the world to her.

Later Salena pursued her education majoring in Medical Assistant at Maric College in Sacramento, California and was soon employed by UC Davis Medical Center.

She loved helping people. She had a passion for life. She was very outgoing, caring, sweet and considered the "Social Butterfly" of the family.

Salena had a passion for fashion and loved shopping and spending time with her mother and son.

Salena enjoyed traveling with family and friends.

Salena accepted Jesus Christ as her Lord and Savior. She loved the Lord and it was evident by the way she cared for others with her giving and generosity.

Salena was called home to be with the Lord on December 10, 2018. Salena leaves to cherish her memory: her son Darell Curry, Mother, Mary Crowdus: siblings, Michael Crowdus, Diona Crowdus, Haley Stockdale, Olivia Crowdus and a host of nieces, nephews, aunts, uncles, cousins, Loved ones and friends

She will truly be missed by everyone.

Mom

Mom you don't know how much I appreciate you. You're the reason I go on every day and stay strong. I might not say it as much as I should but I know that you know I Love You. When I'm down you're there to lift me up, you're the mom every child needs that's why I can only thank you and God for giving me a mom like you. I couldn't ask for more from a lady, so strong, loving, hardworking and motivated and always caring. We all know you can get in your moods but mom we still love you and we hope you know it. I always ask how I stay strong during hard times I know it's from having a mom like you to keep me sane because we're the same. You never let small things keep you down and that's why I never keep a frown, it's all because of you. That's why I keep my smile. So mom that's why I say you do the best you can do and I hope I can be a good mom like you. And this is why I Love you.
