

FOOTPRINTS

One night a man had a dream. In it he was walking along the beach with the Lord. Many scenes from his life flashed across the sky. In each scene he noticed two footprints in the sand, one belonging to him, and the other to the Lord. When the final scene of his life flashed before him, he looked back at the footprints in the sand. He noticed many times along the path of his life there was only one set of footprints, and realized that they came at the hardest and saddest times of his life. Bothered about this, he questioned the Lord saying, "Lord, you said that once I decided to follow you, you'd walk with me all the way. But I have noticed that during the most trying periods of my life there have only been one set of footprints in the sand. Why, when I needed you most, you have not been there for me?" The Lord replied, "My dear child, I love you and I would never leave you. During your times of trial and suffering, when you see only one set of footprints, it was then that I carried you."
