With much love spread and many memories shared, our beloved Alfie accepted his angel's invitation into the kingdom on Monday, May 22, 2023 at Mount Sinai Hospital, Manhattan, New York. As a result, our hearts are less bright but we know the heavens are filled with extra doses of love, joy, peace and laughter.

Alfie Jerome Robinson was born on June 4th, 1970 in Hamilton (Bromley) New Jersey to Gloria and Alton Robinson. He was a lifelong resident of NJ, moved to NY in 2005-current, Alfie returned to NJ in 2019. He maintained residency in both states.

Alfie had such a big life and touched so many people, it's hard to know where to begin. He has always been a humble soul. He was a wonderful husband, father, son, brother, uncle, cousin, friend, etc. Alfie has always given the best advice no matter how difficult. He has always had a zest for life he was loved by everyone. He was a shining star that burned out way too soon. I don't know too many people that met Alfie and didn't have something wonderful to say about him. He truly had a gift when it came to connecting with people, understanding them, and making them feel special and like they mattered. Everyone's life was brighter having known him. Alfie was fearless in his pursuits; he accomplished so much in his short life. He gave true meaning to never giving up. He persevered through obstacles and continued to climb his way to the top. I think that's one of the many reasons that made him special, no obstacle was too big.

Alfie was educated in the Trenton and Hamilton Twp. public school systems. He graduated from Nottingham High School. He was employed as a Superintendent at Surtsey Reality for 17 years and a Doorman at Halstead Property for 5 years.

On February 26, 2014 Alfie married the love of his life Beatriz.

In his leisure time, Alfie loved spending time with his family. He had a passion for exotic automobiles, and he enjoyed modifying them. He was also a jewelry connoisseur; Alfie loved his watches and chains.

Alfie was predeceased by his father Alton Robinson; his paternal grandparents Isaiah and Virginia Robinson; maternal grandmother Susie Johnson; uncles Isaiah Jr., Alphonso Robinson and Nathaniel Watson; special cousin Tyrone Richardson Jr.

Alfie's memory will be cherished and forever remembered by his loving and devoted wife Beatriz Robinson; mother Gloria Robinson; five children Ahjanae Thompson, Davine (Alysia) Robinson, Oymir, Shymir, Kevonna Robinson; four stepchildren Malarie (Estafan) Gee, Albert (Ajah) Pagan, Yessenia (Hugo) Valladares and Daniel Pagan; his godchildren Meaurie Patterson, Bentley Christopher and Kaden Smith; eight grandchildren Tristan, Milan, Kalana, Maverick, Arianna, Myles, Lily and Luke; his six sisters Sherrie, Lekeya, Tara, Aliyah, Kassona Robinson and Arvetta Grizzle; four brothers Casey (Conswaila) Diggs, Aundra Grizzle, Dante and Tyrell Robinson; his five aunts Vivian (Paul) Christopher, Patricia (Ron) Champion, Val Billings, Fonda Wadley and Cheryl Randolph; his three Uncles Jerry Robinson, Frank and Cleo Billings; his 17 nephews Ira (Jasmine), Jabree, Quashaun (Gabriella), Zann, Taliq, Cam'ron, Ci'na, Aundra III, Nassir, Keith, Kyle, Zae, Steven, Jordan, Kevin, Byron, Jerry; his 11 nieces Cashana, Ciera, Kamira, Darae, Aundrea, Kayonah, Shanice, Ashley, Jasmine, Elizabeth, Kasey; a special Cousin Lorraine Neal (Baker); a host of great aunts, cousins, other relatives and friends.

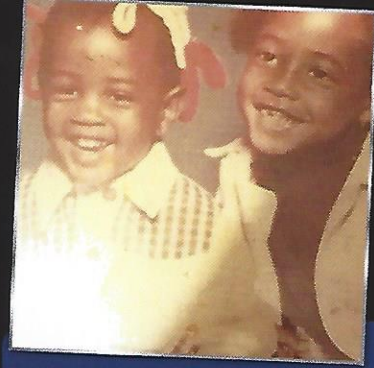

A Life Remembered FOREVER WITH US

Wish we had more time. You were always there when everyone needed you. I looked up to you as a kid. Seeing how people had so much respect and love for you made me want to be the best man I can possibly be. You were the glue that held everyone together in our darkest times. I will be the man you've always wanted me to be. You're my super hero in this family. Wish we had more time.

Rest In Paradise Unc

Losing you has crushed me, I am devastated, my heart hurts so bad. I begged God not to take you, to let you stay a lil' longer, told him I would be lost without you. You were my big brother, my protector, I became the Lil'/big sister, your protector. You saw strength in me I didn't realize I possessed, you were my twin even though we were two years apart. Last text you sent me, you said, I got a Cool Ass Sister That Ride For Her Brother, love you to the moon and back! You better know it my big brother. Always and Forever. Losing you has broken my heart...

Murder Rock,
Nye, Your Sister

I am proud of you for not wanting mom to worry. You wanted me to remember you like you was. He was the best son any mother could ask for. You never gave mommy problems. You respected mommy all the way up until the day you died. No one could ask for better son than you. You will always be in mommy's heart until the day I die.

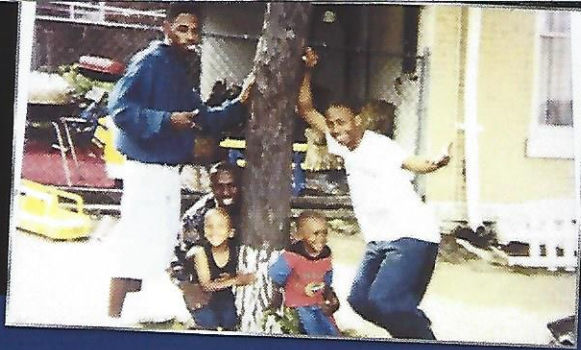

Rest In peace Son.

Dear Pops,

There's so many things I wish I could of had the chance to say to you. Like how I am forever grateful for you helping me become the man I am today. A hardworking man. A dedicated man. A man that stands on morals and principles. A man that is not afraid to try because without risk there is no reward. Your words of course. Thank you for understanding. Thank you for listening. I even wanna thank you for these big ears you gave me because without these I wouldn't of never learned how to fight. LOL. Thank you for being a mentor. A best friend. A motivator. A realist. A man that lived his life with no regret. Before your passing we talked about how we were warriors, and you proved it to me before you took your last breath. I watched you do the impossible. I watched you do what they told you couldn't and every chance you got you made them eat their words. Pops I want you to know that on that day I didn't just lose my dad, I lost my father. Love you Pops

Sincerely, Alfie Jr.

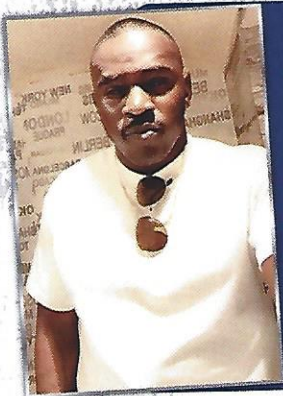

To be totally honest, everything still feels like a nightmare to me and I vividly remember when my Mom called me to say he weren't going to make it, everything came crashing to a halt. Suddenly you were not going to be here anymore. My heart has ached everyday. It's so heartbreaking that I never got the opportunity to tell you goodbye. We had beautiful plans for the family that I will make sure I do for you. Even though we enjoyed so many great moments, I still feel like I didn't tell you how much I loved you enough. I don't think I quite understood you when I was a child, I just knew he loved me but as soon as I became a teenager, I realized what an amazing person you really were. No matter what, you always made time for me even when we lived in different states, you would call and check on me, just to be sure me and the family were doing fine. You would always do your best to attend anything asked. The day I proposed to my wife still remains one of the most memorable days of my life thanks to you Uncle Alfie. You talked me through my plan and my nerves, ha. Before the proposal you met me at dinner just to give me one more pep talk and you paid for dinner just because you didn't want me thinking about that. That's the type of person you were, you'd go out of your way for countless people even when you didn't want to. You taught me everything from how to manage expectations, to how to be a stand up man. You taught me to be different, to be a positive example for my brothers and cousins. Days when I had no one I would call you just so you could tell me how strong you knew I was, those words will never escape my mind because every time you said it I knew you meant that, on everything. Our last conversation I will never forget we talk how much he loved my kids and how much joy they brought him. We laughed that both children reminded you of me in many ways, you couldn't believe it. You ended the phone call telling me I was the strongest person you know and to continue chasing my passions. I will carry that until the day I die. Uncle I can't say I love you enough and I don't know if I will ever be the same but I promise you one thing I will never forget you!!!

Alfie: I'm really lost, my heart is heavy, you will be missed, all our talks that we had about life and the struggle remain in my heart. I love you so much and the pain is real. Until we meet again nephew! But most of all you were my first nephew and every time you got a new car you pull up and call me on the phone and say come outside and I would take your picture. You have always made me proud, thank you for my beautiful nieces and nephews and I will continue to look over them, as I know you would want me to. Rest my dear heart. No more pain and suffering.

Aunt Vivian

Love You

Uncle Alfie my worst nightmare is that this is goodbye so I'm gonna live everyday knowing that one day we gone link again. Since you took your next steps I have been so hurt but I can already hear you in my ear saying, "Stay strong nephew." You taught me how to fight, but those lessons taught me so much more. It takes a hit to get a hit. I love you Unc.

THE GOAT

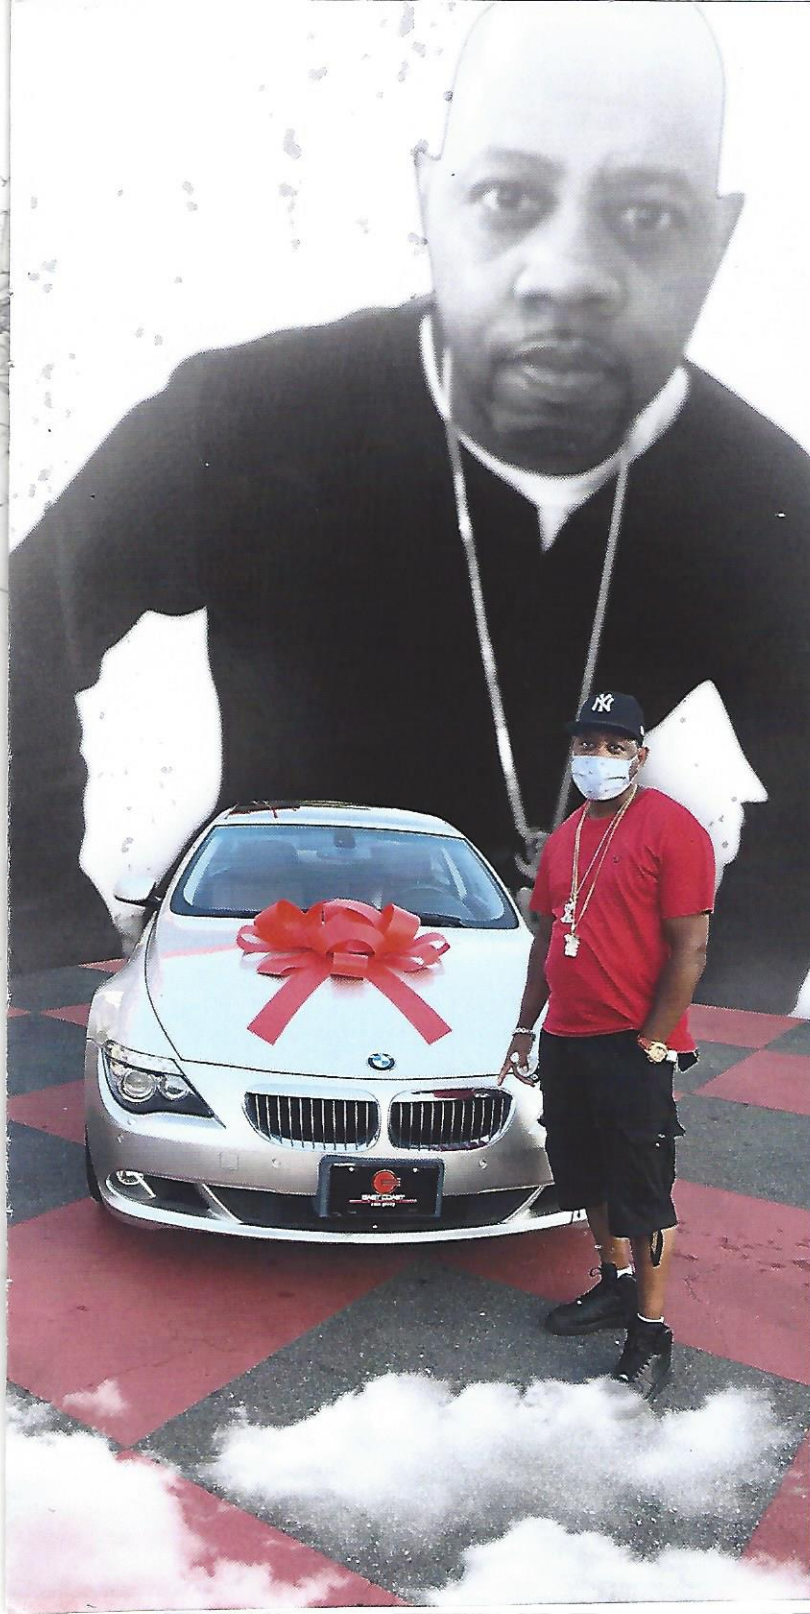

Hello there, Dad It's us, your children. We know you can no longer stay with us, you fought long and hard to be with us. Such wonderful memories of you The Man we all used to know We kept you too long and there waiting The angels have said you can come Bright golden gates that are shining Full of family to bid you hello So blow us a kiss as you're leaving Our sadness we'll try not to show We know you now watch over and protect us. Although we cannot hear your voice or see your smiling face, We know deep down in our hearts that you have not left us. Instead every day you surround us with the singing of the birds, fluttering of butterflies, the rising of the sun and the falling of night. So many broken hearts are left behind. But in our deepest despair our greatest comfort lies knowing that you are now at peace with the angels and God. So as times passes our tears will dry, our hearts will mend, but our love for you will never end.

There'll never be another to replace you in our hearts. Such wonderful memories of Dad we never fade away. We all have our favorites and As you enter those gates we know you are saying "They're all there thinking of me!"

- Love all your Children

A View of My Sister's Pain
As I sit in your chair I feel you are here
I know not in the physical
I know you are with me spiritually :
I feel the comfort of you
while I'm in your space
I sit and watch the movies
that you were watching
The continuation of where you left off
This pain is cutting me deep
I close my eyes and reminisce
How you held my hand tight
As we walked in faith as a child
I can still feel how you held my hand
How you guided me and kept me safe
In return I became the little big sister
I wasn't playing about my brother
Everyone around the way KNEW THAT
To me is to know that you and I are one
There was no Alfie without Sherrie
There was no Sherrie without Alfie
You are my brother and I am your sister
My love for you is unmeasurable
You fought hard this I know
Your strength has multiplied in me
As I know I am the pillar of our Family
As I sit in your chair I see the color red
Red is the color and feeling of love
I love you now and forever
I thank GOD for allowing us to be
Brother and sister he knew where
To place our souls...
