Smile

A Smile is a way that help the tears
Fade away.

Laughter, turns the dark into day.
The windows of the heart,
are seen in the eyes.

The happy times, can be seen in
the sky.

Please don't let these times die.
Please help me to fly.

The smile can be spared.

The more you have,

The more that can be shared.

So give one away today,

And make some one feel gay.
