A Tribute to My Father

WHEN I LOST YOU

I wish I could see you one more time,
Come walking through the door...
But I know that is impossible,
I will hear your voice no more.

I know you can feel my tears
And you don't want me to cry,
Yet my heart is broken because
I can't understand why someone
So precious had to die.

I pray that God will give me strength
And somehow get me through...
As I struggle with the heartache
That came When I Lost You.

I have only just lost you; the pain is hard to bear.
Do I have to go through life knowing you're not there?
Please, someone explain to me why he had to go.
Are there any reasons, I really need to know?
I sit here and remember all the lovely times we shared,
the talks, the laughter, of everyone you cared.
I am told the pain will ease in time
and I will think of him without a tear,
but that will be impossible as I need to have him here.
He was my very world, my ever-guiding star.
Just kiss me softly on the cheek and tell me where you are.

My days have been running together. I don't know what time it is all I see now is beautiful sunrises and beautiful sunsets . After I thought nobody else or anything else in this world could hurt me or tear me to little pieces I can't seem to pick up or put them back together. Am I ok? No! I will never be ok, something will always be missing in my life. My daddy knew I was his strongest soldier but the crazy thing about it "I didn't know it". He knew when it came to him, I wouldn't let him down. He knew he could count on me any time of the day and I'm there with a smile or a frown. I never knew why he always called on me but NOW I most definitely know why he always called on me. Daddy, you watched me grow from a baby to a kid, from a kid to a teen, from a teen to a young adult. You was there for all my accomplishments small or big. You played a HUGE roll in my life when my mommy went overseas and you made it so easy to cope with the changes. It was so much more I had to show you and I still will! I tried my very best to reach your high standards because that's how much you meant to me. Daddy, I watch you suffer all my life and you never complain nor gave up if anything you kept pushing for us. I will always love you no matter what the situation was I still was by your side through all of your seasons and I'm proud to call you my Daddy. I know for a fact you loved me and I will forever love you. I will never put RIP in front of your name it's like putting it in front of mine but I do want you to do me a favor fly as high as you can go and remember I LOVE YOU FOREVER my cool dude!!!

My Daddy

You may be out my sight but you will never be out my heart, I may not see your face, but I will always remember your smile, I will never hear your voice again, but you will forever whisper in my ear. I never got to say goodbye to you, or tell you how much you really meant to me, One day we will meet at heaven's gate, and I will be with you again, This time it will be forever daddy.

I love you today, tomorrow and always.

As the sun sets upon this life and your body is laid to rest
I know you'll be up in Heaven because God only takes the best
I know you're watching over me and it takes away the pain away

I will carry you in my heart Until we meet again
My world is a little darker now that we are apart
But the memories are shining brightly within this broken heart
You touched the lives of those you loved and we wanted you to stay
but you were needed up in Heaven and God whispered "come this way"
I know whenever I'm lonely and this smile becomes a frown
I'll look up to the sky above and there'll be an Angel always looking down
The fact that you are no longer here will always cause me pain but
you are forever in my heart Until we meet again.
I love you today, tomorrow and always

Your Tee Biscuit
