February 2019

Supply Notice update:

SINEMET® CR (levodopa/carbidopa) 200/50mg controlled release tablets

SINEMET® (levodopa/carbidopa) 250/25mg tablets

SINEMET® (levodopa/carbidopa) 100/25mg tablets

Unfortunately, the supply shortage of all SINEMET presentations continues due to a manufacturing constraint with a third-party contractor, that has yet to be resolved. MSD in Australia is attempting to address this critical situation, but we believe the likelihood of receiving more stock this year appears low.

Patients are encouraged to talk their doctors about alternative treatments.

SINEMET CR 200/50mg and SINEMET 250/25mg tablets

An alternative brand to SINEMET may be sourced in Australia under section 19A of the Therapeutic Goods Act*.
