Leadership

BY ESNSDE ARLENE LENARZ

This company needs leaders, more leaders like you,
Who use their influence at the right times for the right reasons;
Who take a greater share of the blame and a smaller share of the credit;
Who lead themselves successfully before attempting to lead others;
Who continue to search for the best answer, not the easiest one;
Who add value to the people and organization they lead;
Who work for the benefit of others and not only for personal gain;
Who handle themselves with their heads and handle others with their hearts;
Who know the way, go the way, and show the way;
Who inspire and motivate rather than intimidate and manipulate;
Who live with people to know their problems and live with God to solve them;
Who realize their dispositions are more important than their positions;
Who mold opinions instead of following opinion polls,
Who understand that an institution, a company, is the reflection of their character;
Who never place themselves above others except in carrying responsibilities;
Who will be as honest in small things as in great things;
Who discipline themselves so they will not be disciplined by others;
Who encounter setbacks and turn them into comebacks;
Who follow a moral compass that points in the right direction regardless of the trends.
