Subject: Marble River Wind Farm Draft Environmental Impact Statement

Dear Supervisor Filion:

Enclosed please find ten copies of the Draft Environmental Impact Statement (DEIS) for the Marble River Wind Farm project that has been prepared pursuant to the New York State Environmental Quality Review Act (SEQRA) and regulations (6 NYRR Part 617).

This DEIS has been prepared with extensive input provided by the Town's consultant, Conestoga-Rovers & Associates, and the Town's attorney, Daniel Spitzer. They have been provided advance draft copies of all sections and studies contained in the DEIS and the project team has diligently responded to comments and suggestions resulting from their review. Hence, we believe this document meets the requirements of SEQRA and "is adequate with respect to its scope and content for the purpose of commencing public review".

We look forward to a comprehensive, public review of the Project and the DEIS. The Marble River Wind Farm team stands ready to respond to any and all questions, comments, and requests that may arise from the public, the Towns, the consultants, and agencies.

Thank you very much for your attention to this submittal.

Sincerely,

Patrick Doyle

Enclosures: As stated.
