Aron,

Thank you very much for providing this information prior to the March 6, 2015 deadline. This email confirms that this project has indeed satisfied the regulatory milestone requirement, effective 3/5/2008. Since the project also has an OC-approved SRIS, it is eligible to enter Class Year 2015. Jessica will coordinate with you with respect to the Facilities Study Agreement and necessary deposit.

Hello Sara,

The Jericho Rise project has the satisfied regulatory milestone 25.6.2.3.1.1.3 in that the DEIS for the large facility has been deemed adequate for public review and has gone out for public comment.

Attached you will find the acceptance of the DEIS by the co-lead agencies deeming it adequate for public review as well as the record of public comment from the Town of Chateaugay.

Best regards,
Aron
