

Saturday, June 8, 2019, Princeton Free Wheelers' 38th Annual Bicycling Event

Sourlands Region Tour in beautiful rural central NJ. There will be a variety of flat routes and hilly longer routes. Our flat route is 15 miles, slightly hilly 30 miles, moderately hilly 50 miles, and hilly 65 miles. The 65-mile route will include Strava segments. Families are welcome and can picnic and bike the roads within Skillman Park less than one-quarter mile from the start. Registration opens end of March and pre-registration is highly recommended and guarantees a quicker check-in, bike cap, and lower registration fee. A donation from the Event proceeds will be given to the Sourland Conservancy and to bike-related charities.

We expect a very good turnout and encourage our PFW friends and members to register and look forward to meeting and riding with our current and "future" members.

Parking at Montgomery High School with onsite registration starting at 7 AM with ride starting across the street at the Otto Kaufman Community Center, Skillman, NJ.
