Skaters' point accumulation can be found at <http://fscouncilwisconsin.weebly.com>. Medals will be awarded at the final competition in the Series. Skaters who are not present at the final competition will receive their medals by mail.

Series Point System

The Free Skate and Compulsory/Elements events in each of the Series Competitions will be eligible for accumulating points. Each event will have a maximum of 6 skaters. The system for scoring points for the final award will be as follows:

Place	Points

If an event has 2-6 skaters, the points will be awarded as if 6 skaters were in the group. If only one skater is in the group, that skater will be awarded 3 points. Points are accumulated for Compulsory and Freeskate events separately.

A skater may participate in either the element/compulsory events and/or freeskating events in any Wisconsin Compete USA Series competitions to be eligible for accumulating points.

Introduction

Compete USA competitions incorporate skills from the Learn to Skate USA program into a competition format. Compete USA competitions are designed to promote a positive competition experience at the grassroots level while generating enthusiasm for this lifelong sport.

Southern Wisconsin Figure Skating Club Compete USA Eligibility and Test Requirements

The competition is open to all beginner skaters who are current members of a Learn to Skate USA Program and/or are full members of U.S. Figure Skating. Members of other organizations are eligible to compete but must become registered with Learn to Skate USA or a member club before they can participate. The groups within a level will comprise no more than six competitors maximum, and all six receive an award. Eligibility will be based on skill level **as of closing date of entries**. All **Snowplow Sam and Basic Skills 1-6** skaters, skate at highest level passed or at one level higher. No official U.S. Figure Skating tests may have been passed, including Moves in the Field or individual dances. **It is the skaters' and coaches' responsibility to verify that the skater has entered the correct event and level.**

Pre-Free Skate, Free Skate 1, Test Track and Well Balanced levels eligibility will be based upon **highest free skate test level** passed (Moves in the Field test level will not determine skater's competitive level). Skaters may skate at highest level passed **OR** one level higher, but not both levels in the same event during the same competition. Skaters may not compete at more than one level in the same type event at the same competition. **Skaters may skate up a level for the spins and jumps events. The skaters' and coaches' responsibility is to verify that the skater has entered the correct event and level.**

Awards

Results will be posted after skaters have completed their event. Please allow from 5-20 minutes for results to be posted. Everyone will receive an award. All events will be final rounds. Awards will be presented to the 1st – 6th place finishers. There will be a maximum of 6 skaters per group. Parents – remember to bring your cameras!

SHOWCASE EVENTS

Showcase events are open to skaters in Basic, Free Skate, Limited Beginner through Preliminary and Adult Bronze. Groups will be divided by number of entries and ages if possible. Skaters must enter at the same level as their free skate event or highest test level of skater's in the group ensemble or production number. If a free skate event is not being entered, skaters must enter at their current test level or one level higher. Vocal music is permitted.

Show costumes are permitted, as long as they do not touch or drag on the ice. Props and scenery must be placed and removed by unaided singles and duet competitors within one minute and by unaided ensemble contestants within two minutes for setup and two minutes for removal. A 0.2 deduction will be assessed by the referee against each judge's mark for each five seconds in excess of the time allowed for the performance, for handling props and scenery and for scenery assistance.

Performances will be judged from an entertainment standpoint, for theatrical qualities. Technical skating skills and difficulty will not be rewarded as such; however, skating must be the major element of the performance and be of sufficient quality to support the selected theatrical elements. Unintended falls, poorly executed skating elements and obvious losses of control will reduce contestant's marks. Jump difficulty is not rewarded in showcase; therefore jumps, if choreographed, should be performed with style, flow and confidence. Theatrical elements evaluated will include energy, poise, acting, pantomime, eye contact, choreography, form/extension and the use of props and ice.

6.0 Judging will be used. Deductions will be made for skaters including technical elements not permitted in the event description.

* For specific guidelines regarding the conduct of Showcase competitions, refer to the Nonqualifying Showcase Guidelines posted on www.usfigureskating.org.

Showcase categories may include:

- Levels can be subdivided, if necessary, depending on entry numbers and event set up

SYNCHRONIZED SKATING- SNOWPLOW SAM SYNCHRO, SYNCHRO SKILLS 1-3, PRELIMINARY

The emphasis of the Learn to Skate USA synchronized skating competition is on mastering the Synchro Skills of synchronized skating:

- Unison of body alignment, and learning to guide with the head.
- Control of rotation in wheels and circles.
- Straight lines in lines, blocks and intersections.
- Learning how to transition within elements with ease and clarity.
- Incorporating skills from Basic 1-6, Pre-Free Skate and Free Skate 1 to strengthen skating skills.
- Learning skills that will be the foundation for higher levels.
- Demonstrate ability to recognize and skate to the tempo of the music.

In order to safely practice and compete at the various levels, it is strongly recommended that skaters have mastered the elements of the Learn to Skate USA level at which they are skating (see program requirements).

Eligibility Rules: All skaters on the team must either be full U.S. Figure Skating members or members of the Learn to Skate USA program. All Learn to Skate USA Synchronized Skating teams must be registered with U.S. Figure Skating and have a team number.

In order for the team to be eligible for Snowplow Sam Synchro or Synchro Skills 1-3 events, no skaters on the team may have passed higher than a preliminary test (moves in the field, freestyle or dance). The skater’s test level is as of the competition entry deadline.

No skater may compete on multiple Learn to Skate USA synchronized skating teams.

Age/Number of Skaters: Varies based on the level. The ages for Learn to Skate USA synchronized skating teams are as of the preceding July 1. If the majority of the team is younger than the listed age, consider skating “up” to the level that best meets the skaters’ skill levels.

Each Synchro Skills team may have between 8-16 skaters. A Snowplow Sam Synchro team may have between 5-12 skaters. Teams may have a maximum of four alternates listed on their roster, in addition to the maximum number permitted on the ice for their respective level.

Costume Rules: Learn to Skate USA synchronized skating teams should follow **Rule 7022 Clothing and Equipment** (U.S. Figure Skating Rulebook) when selecting their clothing for competition.
