# MARCH 6, 2018 NWOUG SEATTLE TRAINING DAY !!

**We're Back! You asked for it, you got it!**

Our annual user Training Day, where our goal is to provide education, facilitate networking and technical resources, and relay Oracle Corporation's strategy and direction to application and database users.

**Over 16 Presentations!**

**Functional and Technical Applications Topics!**  
**Technology Stack Topics!**

**What are people saying?**

---

**“Everybody is here. You get to meet face to face with a lot of different partners and customers. It has an incredible energy level.”**

---

**“It provided face-to-face contact with peer professionals using similar technologies. Exactly what our company needed.”**

---

**“It’s kind of a must do. If you’re in this business, you have to be here.”**
