

# Cedar Lake Yacht Club Mid-Winter Meeting

**Saturday, January 20, 2018  
West Bend Country Club, 5 pm**

## **Proposed Change to the CLYC Bylaws**

The agenda for the meeting will include a proposed amendment for the motion that was tabled at our Annual Meeting in August. The motion was to revise a section of our bylaws pertaining to non-member sailors. The tabled motion and proposed amended motion are cited below.

Current text in Bylaws Section 3, Page 6, 4<sup>th</sup> paragraph: *“Only members may skip a boat in a club sanctioned event, but a sailing guest may be accorded the privilege of crewing only twice a season without becoming a member of the Club in the usual prescribed manner.”*

The tabled motion to replace the text above was the following: *“Only members may skip a boat in a club sanctioned event, but a sailing guest may be accorded the privilege of skipping or crewing a total of four days a season without becoming a member of the Club in the usual prescribed manner.”*

The new, amended motion is the following: *“CLYC membership of the skipper is required for the boat to be scored in a club-sanctioned event.”*

The new, amended motion provides clarification for skipper requirements while removing reference to non-member crew participation from the bylaws. Non-member crew participation will be addressed by each fleet in the sailing instructions instead.
