

NATIONAL CLASS E-SCOW ASSOCIATION MEMBERSHIP FORM

Becoming a member of the National Class E-scow Association (NCESA) supports the NCESA in its purpose as stated in the NCESA Constitution. Among those is the management of class events, stewardship of trophies, control of yacht scantlings, and the general communication to a great community of E-scow sailors through publications, email distributions, and our Web site at E-scow.org. It is certainly true that *"The value of your boat depends on the success of your class"*. Please choose one of the membership options below and become a member of the NCESA.

There are four membership categories, Active Owner, Regular, Associate, and Centennial. The benefits are:

Active Owner (\$70): If you are a current owner of an E-Scow, you must join the NCESA in this membership category. Only boat owners are eligible and if you are a partner in a boat, only one partner shall be designated to join at this level. The NCESA will send you a boat sticker that is required by current scantling rules to be displayed on your E-Scow. *It is important to note that only boats with a current boat sticker are eligible to race in local club, regional, or national E-Scow events.* Members at this level are eligible to hold office, and vote on changes to class Scantling Rules, and receive all class publications.

Regular/Skipper (\$50): A subscription to the NCESA REPORTER magazine & electronic news. Skippers, who are not Active Owners, must join at this membership level to qualify to skipper an E-Scow in the National regatta. Members in this level may also hold a Director position in the Association. Your membership supports class management and communication necessary to sustain and grow E-Scow organized racing across the country.

Associate (\$15): A subscription to the NCESA REPORTER magazine & electronic news. Your membership supports class management and communication necessary to sustain and grow E-Scow organized racing across the country.

Centennial (\$45): Help support the NCESA and join with us as we celebrate our 100th year in 2023. Membership will be good thru Dec. 31, 2023. Annual reporter, electronic news, first access to 100-year info.

Please note, membership is for a calendar year.

We would prefer that you pay online. Please go to www.e-scow.org, click on the "Become a Membership" tab or login if you are already a member, and follow the instructions to complete your membership or renewal. However, if that is not a good option for you, please complete this form and
