

New Member Get Together and Paddle

Lake Calhoun, Sunday June 6th

What a great day to be on the water! On Sunday ISK hosted a morning just for new club members and folks new to kayaking. Turnout was great with 18, 6 were seasoned ISK'ers, in attendance. We started with the required addition of sugar (doughnuts) and caffeine while we introduced ourselves and spent some time getting to know each other. The question posed to the group was this, "what two items would you want if you were stranded on an island?" Some people took the easy way making sure they had a kayak and paddle while some were more willing to setting in with a good book or some spirits. After introductions, we headed out into a light breeze, across Calhoun and around the isles of Lake of the Isles and back to Thomas Beach.

Thank you to all who came out Sunday to make this event a blast!
