

## Collector Insurance: The Most Important Aftermarket Accessory

If you call your regular insurance agent and tell them your Corvette has never been in the rain, your agent will ask why not? You could provide pictures of a garage with a shrine to Zora and you will be asked if Zora is a super hero from the Avengers. Ask them if your 19-year-old granddaughter can drive your Corvette and they will ask you why you would ever want to encourage such a thing! Odds are, a standard insurance company does not understand you or your passion for Corvettes. The fact that you are reading this and are a part of the Mid America Motorworks family sets you apart from just any Corvette owner. You get Corvettes, and we get you. So why not consider a better way to protect your Corvette?

Collector Car insurance is designed to provide extra protection for the vehicles that you drive only on certain occasions. A new program is now available, called C-Series Insurance, and is open to all Corvette owners who treat their cars as the collector cars they are.

### Who Is Eligible?

How do you know if your Corvette qualifies for C-Series Insurance? Here are some general guidelines to consider:

1. Your Corvette is not your only car.
2. You are not using it as your daily driver to and from work.
3. You keep your Corvette in a locked garage to protect your investment.

### Count The Rewards

If those statements describe you, here are 7 ways you can be rewarded through the C-Series Insurance Program:

1. C1s to C7s are eligible. From the blue flame six to a new Z06, all Corvettes are welcome.

2. Your full investment in your Corvette is protected with our Agreed Value policy. No arguing with your insurance company after a claim about what your Corvette is worth.

- 3. Never, ever a mileage limitation. If you've always dreamed about driving the Pacific Coast highway, it's time to make your dream come true. We just hope you post some road trip selfies on our [Facebook page!](#)
- 4. Young drivers are eligible. You know best who should be driving your Corvette.

- 5. Protecting your car through Agreed Value is one part, protecting you with liability limits up to a \$1,000,000 is the other. An accident can happen, and unfortunately it may be your fault. We can protect you.
- 6. Visit the shop of your choice for repairs. Special cars deserve special treatment.
- 7. Support from a company that understands you. We think it's cool that your Corvette is parked on rugs and you have a Stingray tattoo!

If your significant other sometimes feels like your Corvette gets preferential treatment, it's time to look into C-Series Insurance! This program is offered exclusively through Mid America Motorworks and Condon Skelly Insurance. Since 1967 Condon Skelly Insurance has supported the collector industry and we are proud to partner with them.
