

YOU CAN HELP!

You would not know by looking at someone whether or not they are food insecure, because they don't advertise their hardship. Children are especially vulnerable to the misfortunes of adults; therefore, the members and supporters of the Rotary Club of Darien are working with the administrations of Mark Delay, Concord, Gower West and Anne M Jeans Elementary Schools to continue to deliver weekend food packs during the school year to the most-affected children in their school districts.

This 2017-2018 School year, the Rotary Club of Darien is committed to supporting 190 children with weekend Food Packs. The real need is closer to 500+ children.

Please help us close the gap!

WHAT IS FOOD FOR KIDS?

Food For Kids is an attempt by the Rotary Club of Darien to reach the most food-insecure students in local schools.

This opportunity could not happen without the support of local volunteers, girl scouts, boy scouts, church organizations, and the cooperation of school administrators, teachers, and especially the social workers. These teams do a fantastic job of supporting the affected children while keeping the child's anonymity and dignity in place.

The children, who have been deemed eligible for this program, typically do not get enough nutrition over weekends. When this is the case, the child can take until Wednesdays to focus on classroom activities. This reflects poorly on overall school performance test scores - and can affect the child for life.

THANK YOU FOR YOUR SUPPORT!
