

MCTC TRIO/SSS Students Named to All-State Community College Academic Team

Two TRIO/SSS students from Minneapolis Community and Technical College (MCTC) have been named to the [All-State Community College Academic Team](#). Zamzam Yusuf (photograph unavailable) and Sara Osman have both actively participated in the TRIO/SSS (Starting Point) program at MCTC and we are proud to share news of their recognition with the TRIO community.

The All-State Community College Academic Team recognizes Phi Theta Kappa members for their leadership, academic achievements and community college service. While at MCTC, Yusuf and Osman participated in a variety of student life and TRIO opportunities, including the 2014 MAEOPP Adult Student Leadership Conference.

Both students will continue their education at the University of Minnesota's College of Liberal Arts. Zamzam transferred in January of 2015 and is pursuing a bachelor's degree in Sociology. Sara will transfer in September of 2015 to pursue a Global Studies degree with the ultimate goal of continuing to Law School.
