

How can I get the Volunteer Impact Leadership Training Series scheduled in my community?

MAVA is committed to providing affordable, accessible training by partnering with community organizations across the state. We will work with you to offer the trainings in your community or customize the Volunteer Impact Leadership Training Series or a portion of the series to meet the needs of your community or your organization.

For further information on how to partner with MAVA to present the series in your organization or community, contact the [MAVA Office](#).
