

End of the Earth Drive

Thank you Bruce Doig for another great drive!!

We started out at Fairmont Grocery where we waited for all of the 23 cars that attended, with their drivers and passengers. There was some fog in the air as we started out but that didn't stop all of the tops from being down. We left at 9:00 AM after a drivers meeting and headed west to our first stop at Salt Creek for time to check out each other's cars and to catch up on what happened over the long winter months.

We left there and headed to highway 112 to exercise our Miata's that have been cooped up over the winter. Over many corners and miles and a few bumps, first stopping first at Piller Point for a potty stop then arriving at Neah Bay for lunch. Some dined at Warm house restaurant and others brought a picnic lunch to enjoy on the patio of the restaurant.

We split up at this time with some going for the walk to Cape Flattery and others to enjoy the Makah Native museum. The weather was beautiful, a little overcast with some shadows on the ocean. The waves were very impressive as well as the view of Tatoosh Island. We regrouped back at the museum for the drive back to Shadow Mountain

grocery for some well deserved ice cream!

Thank you again Bruce for a wonderful day.
