

# **GEOLOGY ROCKS!**

**Chief Joseph Rally,  
John Day, OR**

## **2018 BIKER TOURS**

**Friday & Saturday,  
June 29 & 30**

**11:30 am to 5 pm**

**25 bike limit, each tour**

These two tours are a fundraiser for the Grant County, Juniper Arts Council, a non-profit organization dedicated to promotion of the visual and performing arts and art education.

The tours will feature the landscape, geology, and cultural history of Grant County. They will be led by retired John Day Fossil Beds park ranger, John Fiedor, who led previous tours with his 1967 Chevy Corvair.

Each tour has about six stops and covers about 125 miles, round trip, all on paved roadways. Pull-offs may be dirt and gravel. The tour on Friday repeats the NE loop from John Day through Bates State Park. The Saturday tour will be a newly designed route.

There is a participation fee of \$20.00. The registration for the tours will be handled by the Chief Joseph Rally organizers. Since the limit is 25 bikes per tour, participants should sign up for only one tour, which allows more bikers at the rally to participate. The tour will begin at the fairgrounds back entrance (behind KJDY radio station) gathering at 11:30 am to check in and sign forms. Bring your own refreshments for the road.
