As part of our continuing partnership with Middle Smithfield, Pocono Photo Club has invited Danielle Austen to speak at Whispering Pines on Saturday, May 12 from 2 to 4 pm. Danielle's presentation is entitled "***The Art of Seeing– Seeking Your Vision***". How do you see the world around you? Do you just see what others see, or do you see something different? One of the greatest challenges for photographers is discovering their unique vision. To do this we must learn to observe, imagine, and express. In Danielle's presentation she will discuss how taking an in-depth look at your surroundings through light, perspective, design and mood, can help you discover a new viewpoint and get more from your creative experience. This is a FREE presentation and it is open to the public. Please bring anyone you know who is interested in photography.
