

Supplies

For Bonnie Kitchens Class

Bring anything you already have in the medium you wish to work in. If you choose to try a new medium (oil, Acrylic, Water Color, or Pastels), then buy a small set needed for the medium you want to try. Do not make a large investment in supplies until you are sure this is medium you intend to work in.

After the Color discussion you will understand more about color basics and may need to add 3 additional paints.

Everyone in the class helps new Students with supplies the first day if necessary. I am big on basics, and let you paint what you want in the style you want.

REMEMBER: WE ARE HAVING FUN, NO STRESS IN THIS CLASS
