ISGC Auction Report

Jonathan Topper – Auction Manager

2019 ISGC Auction Results

We had very good participation from ISGC members for this year's auction, which ran from March 15th to May 15th. There was much spirited bidding, with nineteen (19) members turning in bids, and twelve (12) coming away with at least one lot won.

There were 42 lots offered with 38 receiving bids. A 90% sell through rate, a good indication of the quality of hard to find material being offered in our auctions. Total proceeds for the 38 lots came to \$1,849.00.

Invoices were sent out on May 21st, with winners having the option of paying by check, or on-line via PayPal.

ISGC members are encouraged to look through their excess Guatemala philatelic material to sell in our next auction.
