## **BATS, BATS, BATS**

Throughout the world, bats have been misunderstood and persecuted, causing a serious decline in bat population. This program was established to bring this matter to the public's attention via a verbal lecture, audio-visual presentation and **LIVE BATS!** Find out why bats are now being protected because of their vital role in virtually every environment on Earth, for example, their importance in insect maintenance and rainforest regeneration. Join Mr. D'Angeli in dispelling the many myths of these most important nocturnal creatures.

**THURSDAY, OCTOBER 14, 2021 @ 1 P.M.**

**Advance registration is necessary for this program.**

The Senior Center offers a Noon lunch (\$1.25 suggested donation) and reservations should be made at least 24 hours in advance.
