

RMBBQA Cup Calculation Method

Every RMBBQA competition team at a contest will receive points. Points will be awarded based on rank as per the chart below. Additionally, every RMBBQA competition team in a contest will be awarded bonus points based on the number of competition teams at the event, divided by 4; up to a maximum of 12.5 bonus points. While teams are rewarded for doing well in large contests, this system helps to bridge the gap between the smaller and larger events, rewarding teams for their consistency on the competition circuit regardless of event size. Example: the third place overall finisher at a 47-team event will receive 200 points plus 11.75 bonus points ($47 / 4$), for a total of 211.75 points. A sixteenth place rib finisher at the same event will receive 70 points plus 11.75 bonus points ($47 / 4$), for a total of 81.75 points.

The above method will be utilized to calculate the Cup contest results. RMBBQA competition teams who cook a single Cup event are eligible for the Cup contest.

To calculate the overall and category winners in the Cup contest a RMBBQA competition team's top 5 Cup contest finishes will be used.

For the purposes of the Cup: a "RMBBQA competition team" is defined as any team which is a member in good standing of the Rocky Mountain BBQ Association prior to the awards ceremony of the event, a "competition team" is defined as any team which participates in at least one main category (receiving any score above zero) at the event, and a "Cup contest event" is defined as any event having received special "Cup Event" designation from the RMBBQA Board of Directors.

Current Cup contest standings will be on the RMBBQA website.

Rank	Points
1 st	250
2 nd	225
