Course Description

Have you ever wondered about things like freeboard, BFE, elevation certificates, and hydrostatic vents? If so, this two-day course is for you! This introductory course will discuss these terms as well as many other elements of floodplain management as you travel down the road to achieving your Certified Floodplain Manager (CFM) certification. While the class is ***not*** a test-taking preparatory course and is ***not*** intended to help you pass the exam (you'll need your own experience for that!) it ***IS*** geared towards presenting the information that makes a floodplain manager a CFM and details what they do in their day-to-day roles.

Guest Speakers May Included:

- Lori Lehr
- Jake Holdhouse
- Marty Duran
- Sarah Kessler
- Steve Boehning
