0 - Ins

Instructor: Del Schwalls, PE, CFM

Cost: \$50 - FFMA individual members
\$150 - non-FFMA members

Course Description:

This course will:

- provide detailed training on completing a FEMA Elevation Certificate (EC) accurately and in its entirety, allowing full compliance with any program that requires submission of a FEMA EC.
- cover EC requirements for surveying, foundation flood openings, and certification.
- review the new EC and provide guidance on implementation and use.
- review the Community Rating System (CRS) requirements for an EEC and those portions that differ from other programs.
- identify the portions of the EC instructions that should not be used, in order to achieve full compliance with all programs.
- include common errors and omissions, review of the various EC building diagrams, and real-world examples.

Course Objectives:

- Learn to complete a FEMA EC in order to satisfy the requirements of any program.
- Understand the data needs for each individual EC section.
- Understand how EC is used by CRS.
- Change attendee's approach to ECs from 'minimum needs' to be 'best practices'
- Avoid common mistakes that can invalidate the EC for certain programs.
