Course Description

The full four-day course includes an in-depth discussion of the roles and responsibilities of the local Floodplain Manager, the NFIP floodplain rules and regulations, the procedures for applying for a FEMA Letter of Map Change and the floodplain management implications, and preparing for post-disaster responsibilities.

G-194.3: This module explores the floodplain management implications of LOMCs for the local floodplain administrator. Activities include a review of LOMC types, proposed development scenarios, local considerations and responsibilities in signing a Community Acknowledgement Form, opportunities to promote best practices, and review of sample ordinance language to manage floodplains and provide enforcement authority at the local level.

This course is for community officials with a CFM designation or 2 years of full-time floodplain management experience as a community official. Participants should have completed the *Managing Floodplain Development through the NFIP* course.

The additional courses in the G-194 series will not be offered at this time.

Seating is limited to the first 30 attendees.
Fewer than 10 attendees will result in course cancellation.
