

**Florida Floodplain Managers Association
2019 Annual Conferences
Abstracts**

- Title:** Flood Insurance for Floodplain Managers
- Length:** 90 minutes
- Subject:** Insurance
- Target Audience:** Floodplain Managers
- Presenter Name:** Katherine Howington, CFM, ANFI, CPIA
National Flood Sales Manager
Bankers Insurance Group
- Biography:** I hold my CFM with over 15 years of experience helping insurance agents, realtors & communities to navigate the NFIP while assisting agents with their clients to have the "flood talk". My expertise provides CE training to both Insurance agents and CFM's, I perform risk reviews/analysis which ensures my agents can successfully exploit all the opportunities for business. I help communities across the US with Map changes to ensure my agents have a full understanding of the process and sales opportunities. I truly dedicate my time and energy to my agents and I extend my resources and expertise to you and your community before, during and after the flood.
- Co-Presenter:** Pete Travis, ANFI
Director of Client Growth
Torrent Technologies
- Biography:** Pete is currently traveling and will provide when he returns to his office on Jan 21st
- Abstract:** This class will teach the floodplain managers flood insurance pertaining to new construction, post constructions and how the NFIP calculates rates based on the structure when built into compliance and when it's non-compliant. It will also show various scenarios on enclosures and basements.
- This class will also explain the difference between NFIP vs Private Flood. The good, bad and ugly Facts/Myths.
