## *1982 Roster and Season Standings*

### SCORES.....

Following are more results than you'll ever want to see. A few comments are in order. First, the season championships for the Cruising and X Classes are missing, I ran out of time and intelligence by Bilgeboard deadline. Besides, we need to keep something to announce at the commodore's dinner. Second, there is one M-20 protest pending involving the 621. Third, the season championships for Lasers and Cats are based on the sun/wed series with 2 throwouts- I don't know if that is what the classes intended to have happen. Last, these results were thrown together quickly and will be audited futher, but if you see something that looks suspect.. YELL!
