Biography
 I was born in St. Louis, Missouri, but moved out to California when I was just one-years-old. I grew up in the city of Palos Verdes. After graduating from Rolling Hills High School I entered the University of California, Irvine, to pursue my degree in Psychology. I was a founding member (chapter) of the Sigma Nu fraternity. After graduating from UCI I decided not to pursue a career in psychology. Instead, I wanted to get into business. So, I went back to school and got my MBA in Marketing from the University of Notre Dame. I have since had over 20 years of Marketing career experience. I am married to a beautiful and wonderful lady, Lisa. We have 12-year-old triplets, Rachel, Ryan and Rebecca. I am very involved in the YMCA Adventure Guides, a Father/Daughter and Father/Son program to promote closer ties with your children. I am also passionate about fundraising for the YMCA so we can help communities. I joined ThriveUnion (then Uplifters) almost a year ago. It's been a fantastic journey with this community - and I look forward to many more years helping others THRIVE!
