Banff is one of the best kept secrets of the Rocky Mountains. Banff is world renowned for its spectacularly beautiful location and some of the most stunning skiing in North America: steep bowls and gullies, wide open snowfields and delightful glades and did we mention no lift lines! The area is comprised of 3 mountains, all located within 45 minutes of the Town of Banff. As most skiing is above 7000 ft., the views are unforgettable! Lake Louise statistics; 4200 acres open, 15% expert, 15% advanced, 45% intermediate, 25% beginner. Sunshine Village statistics: 3358 acres open, 5% expert, 20% advanced, 55% intermediate, 20% beginner. Banff Norquay Mt. is just 10 minutes outside of town.
