THE

Children's
DISCOVERY
Garden

2+ ACRES FOR FUN AND EXPLORATION
EVENT SPACE & CLASSROOM
A PLACE TO CONNECT KIDS
WITH NATURE

The Children's Discovery Garden (CDG) will be the most exciting project we are doing for the Florida Botanical Gardens 20th Anniversary. We have received overwhelming support for this initiative from the county, our membership and most importantly, the community.

It will be the only free Children's Garden in Pinellas County and will be available to children of all abilities and ages. The CDG will be a place for hands on fun, natural beauty, learning and creative play for children and parents alike.

Illustrating the vital connection between plants, people and nature, this will be a true oasis for play, discovery and learning.

Now that our Capital Campaign is in the public phase, the time is now to give to make the CDG a reality.

The Florida Botanical Gardens Foundation has raised just over \$545k and a further \$500k matching challenge has been issued by an anonymous donor to help us reach our \$1.5M funding goal for the project...we still need funds to help make this a reality.

PLEASE DONATE...

Help us build an Oasis where our children can discover, learn and play.
