Pro Day: Day 2

Michael Godwin, JD, Schell Bray PLLC

Mike Godwin's practice is concentrated in the areas of wealth and transfer tax planning, fiduciary advice, trust and estate disputes and working with owners of closely-held businesses and their families on succession planning matters.
In helping clients pass family wealth to their chosen beneficiaries in the most tax-efficient manner, Mr. Godwins focus is to find practical solutions that are appropriate for the family in question. He strives to take into account non-tax factors such as the need for asset protection, concerns about future marital issues and family dynamics. This work often involves designing and drafting Wills and Living Trusts, as well as implementing more sophisticated techniques such as generation-skipping trusts, grantor retained interest trusts, sales to defective grantor trusts, life insurance trusts, transferring discounted interests in business entities and working with limited liability companies, partnerships and Subchapter S corporations.
