Summer Fun - organized activities for elementary school kids, supervised by our own teens!
Plus summer employment at the club (at snack bar, front desk, etc).
More info and forms coming in the March issue.

This past 2008 tennis season saw the Ladies Team win their division and the Junior Team have the most participants in the finals of interclub play! Junior participation was high with over 110 different juniors enrolled in our program and Adult attendance was solid in the various programs that were offered. The social events saw numerous players come out and enjoy round robin play and great food! It was a wonderful year and we look forward to building on what we have started.

The 2009 season is approaching quickly! The tennis lesson schedule for the upcoming Junior Spring, Junior Summer and Adult Spring seasons is posted on the website (www.carderockclub.org) and is also in this issue. A 10% discount to Juniors for early enrollment - Juniors need to enroll for Spring by March 1st and for Summer by May 1st. Also remember you can schedule private and group lessons by contacting the Tennis Pro via email or at 301-365-1541.

We look forward to seeing everyone on the courts this season!

Thanks,
Nitin Deodhar
Director of Tennis

Club Membership

Renewal notices for the 2009/10 season have been mailed. If you did not receive your envelope and form, please contact the Membership Secretary. If you wish to be an active member this year, please review and update the info on your application form and return it along with your payment to the club before March 1, 2009. **A \$75.00 late fee is due with payments received after midnight March 1st.**

Even if you do not intend to be active this year, please return the notice with any corrections and indicate your wish to be inactive. This will save the expense of a second mailing which our by-laws require for Sustaining Members Type 1 and 2. Once the second mailing goes out you will only have a few days to return it, along with the late fee, before I open membership to our waiting list.

If you know that you will be away during February and March and you want to enroll in the club, please make arrangements with me before you leave town to ensure that you have a membership spot.

If you are new to the Carderock Springs Community, Welcome! The Membership renewal forms are mailed out to every house that is eligible for Sustaining Membership Type 1 (see below). If you have moved into a home in Carderock Springs - either bought or rented - since last spring and you receive an enrollment form with the incorrect information, please contact me so I can update the database with your information and answer any questions you may have. The enrollment letters will include information about the initiation fee for purchasers of Carderock Spring's homes.

In addition to this wonderful newsletter, we will occasionally communicate via e-mail with our membership. As you look over your enrollment forms please make sure you **include an e-mail address** so that you can receive early updates about club events and membership news.

The following is a description of the membership categories & how they work, as well as a description of our **Emeritus Guest Privilege**. If you have questions regarding any of these matters, please contact me. There are three membership categories:

Sustaining Members Type 1

The 404 original homes in Carderock Springs are Sustaining Members Type 1 of the Carderock Springs Swim Club (CSSC). Sustaining Members Type 1 are either active or inactive depending on whether the people living in these homes have paid the annual membership dues. Sustaining Membership Type 1 is only available to the current residents of the 404 eligible houses and does not follow those residents after the sale or rental of one of these homes. However, Club membership (with more limited voting rights) is available to anyone who rents one of these homes. Following the sale of a house eligible for Sustaining Membership Type 1, a \$1000 activation fee must be paid before the new owners can activate their membership. If the owners choose not to activate their membership in the year of purchase, they may choose to do so in any following year.

(continued on next page ⇒)

Sustaining Members Type 2

A limited number of additional Sustaining Memberships have been made available to residents of nearby communities. This class of membership is referred to as Sustaining Members Type 2. Obtaining Sustaining Member Type 2 membership status requires a non-refundable activation fee of \$1000 plus a \$1,500 refundable capitol contribution. This fee grants the household limited voting rights, entitles the household to the same annual membership dues as Sustaining Members Type 1, and allows the member to become inactive in one or more years while retaining the right to rejoin the Club as an active member in subsequent years. If a Sustaining Member Type 2 decides to leave the Club, their capitol contribution fee is refunded. Written requests for this type of membership should be submitted to the Board of Directors of CSSC, where they will be considered at their next Board meeting.

Dues for the 2009/10 season for Sustaining Members Type 1 and 2 will be \$695.

A reduced rate for a full membership for Senior Citizens (defined as household of 2 or 1 where at least one person is 65 years old or older) is available for both Sustaining Memberships Type 1 and Type 2. This class of membership is for unlimited use of the facilities throughout the season.

Dues for the 2009/10 season for Seniors will be \$590.

Annual Members

All members who do not hold Sustaining Memberships Type 1 or 2 are considered Annual Members. Annual Members do not have voting rights and must return to the waiting list if they go inactive for a year. The waiting list for Annual Memberships is made available in the following order or priority: 1) Families who have taken a Guest Preview Privilege in the previous season. 2) residents in neighborhoods in the Carderock sub-division; 3) in the immediate vicinity of the Carderock Springs and Carderock Springs South neighborhoods; 4) residents of the Whitman school district; 5) all others.

Dues for the 2009/10 season for Annual members will be \$840.

Emeritus Guest Privileges

Emeritus Guest Privileges were established in 2006 to encourage the participation of Senior Citizens in the community who are Sustaining Members Type 1 or Type 2 but who do not wish to purchase a full senior membership. This privilege, which will permit the occasional use of the facilities, is limited to Sustaining Members Type 1 and Type 2 households having no more than two persons, each 65 years old or older. Each senior member of the household will be entitled to 15 days use of the club's facilities. Emeritus Guest Privileges are not transferable among family members. Guests (e.g., visiting grandchildren) are still required to pay the regular guest fees. Emeritus Guest Privileges may be purchased for \$100 and must be purchased by the March 1st membership renewal deadline. A list will be kept at the front desk where Emeritus Guests will be asked to sign in when visiting the club.

Emeritus Guest Privileges can be purchased for \$100 per person for 15 days use.

Green Neighbors New Initiative: BYOB "Bring Your Own Bag"

To reduce our community's plastic waste stream, we urge you to use reusable shopping bags. We are encouraging Cabin John businesses to switch from petroleum-based plastic bags to better alternatives.

What's the Problem with Plastics Anyway? *Hint: Look to the Deep Blue Seas.* The problem is mainly one of persistence plus disposability. Plastics are cheap and lightweight - great for a disposable society. But plastics, which are derived from petroleum, don't biodegrade like many other substances. At best, they break into ever-smaller pieces, eventually forming "plastic confetti" which is indigestible by any life form. As Anthony Andrady, a polymer chemist studying marine debris, noted, "every little piece of plastic manufactured in the past 50 years that made it into the ocean is still out there somewhere." Considering plastic production has increased 25-fold since 1960, and that plastic is now 12% of the U.S. waste stream versus 1% in 1960, plastic waste is growing exponentially.

The ocean is our great toilet bowl - the end of the line for much of our waste. "Remote oceanic islands," a 2004 study showed, appear to "have similar levels of debris to those adjacent to heavily industrialized coasts." International beach cleanup committees and oceanographers worldwide are reporting the same. Of the 500,000 albatross chicks born each year on Midway Atoll -- 1,000 miles from any city -- almost half die of starvation. Autopsies show a majority perished because adults mistook plastic trash for food and fed it to their chicks. Other marine life mistake the plastic for plankton, eat it, and there is disruption from the bottom of the food chain on up.

The Great Pacific Garbage Patch

Located halfway between San Francisco and Hawaii in the North Pacific Subtropical Gyre where currents trap debris, the Garbage Patch is at least twice the size of Texas and consists of 7 billion pounds of plastic garbage. Churning ocean waters break the plastic up into small flecks and oceanographers calculate plastic flecks outnumber plankton 6:1. Other large garbage patches are being discovered in the Atlantic Ocean and other seas as well. Twenty percent of the ocean's plastic debris is estimated to originate from cruise and cargo ships, eighty percent from land. This includes our backyard: a variety of plastic bags, cans, and bottles can be found (and picked up) during a short walk along the Cabin John Creek and Potomac River.

What's Being Done?

Many U.S. cities are considering plastic bag bans. Australia, Italy and France are all phasing out plastic bags. Alternatives to plastic bags include reusable bags (a first choice), biodegradable plastic bags, and paper bags. Green Neighbors is committed to carrying out small, measurable, and replicable community initiatives that are ongoing, fun, and support sustainability. Please join us at our next Green Neighbors meeting on Wednesday, February 11 at 7:30 pm at the Cabin John Gardens Community House at 8 1/2 Webb Rd (park in rear). RSVP to gn.cabinjohn@gmail.com

HOW TO PREVENT CAR BREAK-INS

Special Informational meeting

Monday, March 2, 7:00 pm

Vehicles are being broken into in Carderock - although the increase in this kind of activity over the past months is not unique to our neighborhood, Montgomery County, or other regions due to the current economy, nor is it huge considering the size of our community and the number of incidents.

A Carderock community meeting on March 2 with police will discuss how to "target harden" vehicles and homes. Until then, consider these helpful tips:

- Clean out your car every night. Do not leave valuables such as navigation systems, ipods, garage door openers etc inside the car
- Lock your car doors even when your car is parked in your driveway
- Keep your outside lights on and consider installing motion detector lights
- Program the non-emergency police number into your cell phone: 301-279-8000
- Carry your cell phone when you go for a walk and try to detour into the cul de sacs
- Invite a friend to walk with you in the evening - it may discourage break-ins and it's good exercise
- If your car is obviously entered or broken into, or firewood or other items are missing from outside your home, do notify the police so they have a record of the incident.

All reported incidents provide useful information.

- Call 911 if you think there is something suspicious.

Junior Tennis Program

SPRING 2009

I am very excited to announce the following junior programs for the Spring Session here at Carderock Springs. As a tennis professional I have worked extensively with juniors of all levels and age groups, which range from beginners to national and collegiate players. I am confident that the junior programs listed below will not only increase each player's skill level, but also their confidence and fitness levels.

Tournament Training (Advanced Clinic):

This clinic is designed for the tournament player. Each clinic will include a warm-up, specialized drilling (live-ball), match play, and intense fitness. My method of conducting the Tournament Training Program has led to many juniors becoming highly ranked in both the section and the nation. Juniors must be actively participating in Mid-Atlantic Tournaments in order to join.

Players on the Rise (Intermediate Clinic):

Perfect clinic for junior players whose goal is to become a tournament player, or a more serious player. Each clinic will include a short warm-up, drills (fed-ball), match play and fitness. This program will help develop a more consistent player through repetition and specialized instruction.

Up and Comers (Beginners/Low Intermediate):

Clinic is designed to develop proper technique as well as the understanding of the game of tennis. Clinic will include an abbreviated warm-up, stroke specific drilling, and games. Through this program student will gain a solid base for future development as well as an understanding for how to keep score and play matches.

Tiny-Tots (Kids ages 4-7):

Introductory clinic, designed to develop motor skills and cognitive learning. Focus will be on hand-eye coordination, basic stroke technique, and enhancing each child's interest in the game of tennis. This is the perfect program for a young beginner to start the game of tennis and create an interest that will last a lifetime.

Roof and Gutter Cleaning. It's important and never too late to have clean roofs, gutters and downspouts to protect your roof and house. We'll do the job and also check your roof, especially near flashings, and around skylights and chimneys, and tell you if problems lurk. Any standard house in Carderock \$85, a bit more if there is an extension and more areas to clean. Please call Dan 240-688-8179 or email dabruestle@gmail.com .

Recommended and House Cleaning Services Available

RECOMMENDED

My wonderful housekeeper, Clemencia Villacis, is looking for a few new clients. She has been with me for 7 years, is extremely responsible and thorough, and lovely to work with. If you are in need of housekeeping services, please call her at (240) 988-3326. Alternatively, feel free to call me, Chris Gordon, for more info at (301) 320-2249.

Neighbor Karen Williams has finally found a more-economical method of leaf disposal. Instead of hauling or bagging, call Mowing & More. They will come by and vacuum all the leaf piles. Mowing & More provides a complete line of landscape management services to clients in Bethesda, Chevy Chase, and Northwest DC. Whether it is weekly mowing or a comprehensive maintenance program, Mowing & More can make your yard the best part of your home. Please visit our website www.MowingMore.com for more information. Or call Chad Stern @ (301) 674-0312. Very reasonable rates. Highly recommended.

Please send recommendations for reliable contractors to CarderockClubNewsletter@verizon.net and they'll go in this newsletter and in John's online list at www.Carderock.info

Carderock South Resident for more than 12 years looking to stay in the area, after selling house in the Spring/09. Quiet, mature and friendly female looking for a basement to rent, has own furniture. Works during the day in Bethesda. Want the extra income or perhaps the security of having someone in your house at nights? Ideal arrangement for an elderly person or anyone wishing to supplement income to help pay mortgage. Carderock and other references available upon request. Please send an email to berriosh@erols.com or call (301) 320-8247

Single, professional woman who travels 1/3 to 1/2 of the time looking for shared space in home. Prefer basement apartment with separate entrance. Do not smoke, have no pets, will pay rent on time---very quiet when home. Contact fran.aceguide@gmail.com, Home phone 301-897-0383, Cell 301-442-0345

If you've got any old, working cell phones collecting dust, I am making it easy for you to donate to people who could really use them. First, erase any stored information, including your contact list, text messages and listing of incoming/outgoing calls. Most cell phones use a "master reset" to delete information quickly and easily. Also, verify that your account has been cancelled with your service provider. Next, place the phone, charger and any accessories in a plastic bag. Finally, drop it off in the container outside my front door at 8204 Hamilton Spring Court. In a couple of weeks or so, I'll ship off the collection to the Washington Area Women's Foundation. WAWF will provide these phones to women in battered women's shelters and to seniors and other people at risk so they can access 911 emergency services. Thanks!

CSCA ARC Meetings, 1st Wednesday of the month, 7:30 pm

The Citizens' Association has an Architectural Review Committee meeting on the 1st Wednesday of each month at the Clubhouse, 7:30 pm. If you are considering an addition or exterior modification of your home, bring your plans for review. Design and review procedures plus other documents are available at the Citizens' Association website, CarderockSprings.net. The ARC was created by the covenants which govern your property in Carderock. ARC meetings are open for any and every community member to attend, whether you are renovating or not. Next meeting is February 4.
