Tennis News

I am proud to announce **Vlatko Bosevski** as our new Adult Tennis Director. Vlatko comes to us from Boston, Mass. and has taught all over the world, including Macedonia and Serbia to name a few locations. Vlatko has a strong playing and coaching background, including playing on the tour (professionally) and teaching players of all levels from beginners to tour players!

Vlatko's main responsibility will be to run current and develop new and exciting adult programs. Some of the new tennis programs offered for adults include Early Bird Round Robin, Lunchtime Cardio, and a Tuesday Night Men's Clinic. Vlatko can be reached at bosevskiv@yahoo.com

Weather policy: If it is raining or weather looks like it may be a factor, please call 301-365-1541. I use this number to relay messages and will post information at least 45 min prior to a clinic IF IT IS CANCELED. Again, I only post a message if the clinic is canceled. If the message does not say class is canceled, then expect class to take place.

A question I often get asked during lessons is about the tension in which the grip should be held. Should it be held tight? Or loose?

The answer to this is LOOSE. I often say that on a scale of 1-10 (10 being the tightest) the grip should be held as a 3 on the ground strokes and the serve. The volley can vary but generally will also be held loose, between a 3 to 5 (depending on the shot).

When players initially try the loose grip they often tense up at contact (leads to framing and/or flying the ball). The key is to stay loose throughout the entire motion (exhaling during the shot helps).

Holding the racket loose enables a player to generate more pace (power) on their shot. A loose grip also keeps our bodies relaxed which is helpful with our footwork during the course of a match, as well as stress relief during pressure moments in a match. Hope to see you all on the court!
