

Call for Abstracts

RCA 2021 Technical Symposium Denver

The Radio Club of America is soliciting abstracts for presentations for the 2021 Technical Symposium.

We welcome abstracts on all wireless subjects including antennas, broadband, broadcasting, cellular communications, land mobile radio, manufacturing, military communications, satellites, and other wireless-related topics.

Please submit the following to amy@radioclubofamerica.org, prior to May 28th:

- A title for the presentation
- 1 or 2 paragraph abstract or summary
- A short biography of the presenter(s)
- A 300 dpi headshot of the presenter(s)

Abstracts will be reviewed in June and you will be notified if you are chosen to present.

Presentation slide decks are hosted on the RCA Website after the event. All presentations are captured on video and archived for public access.

Prospective presenters will receive free registration to the Technical Symposium plus receive breakfast and lunch, however, we are unable to reimburse travel expenses.
