Speaker/Program—8:00 pm

The Club

The Fly Fishers Club of Orange County was founded in 1966 to further the sport of fly fishing and to provide a meeting function area for residents interested in the sport. In addition to being a way to meet others who enjoy the sport, there were three goals in mind when the club was founded:

1. Educating the Public.
2. Conserving the fisheries, and
3. Contributing its resources in order to make fly fishing enjoyable and available to all who are interested.

Fly Fishers Club of Orange County

Programs

TIC also known as Trout in the Classroom, is a science class in environmental study. We provide resources to those teachers interested in this program. Anywhere from delivering eggs, setting up the aquarium and live demonstrations. This program helps students understand the various stages of trout development and the importance of our water quality, forests and the trout's ecosystem

Annual Auction:

Each fall the club has an annual auction in place of a speaker. This event features primarily Fly Fishing related items, including trips, rods, reels, artwork, flies and other fly fishing materials. These items are largely donated by members and supporting vendors. This is the primary source of funding for all our club activities.

Classes

Fly Tying Classes:

Twice a year we offer fly tying classes to those members who would like to learn the basics, or maybe learn a new technique. Beginners do not need equipment as the club supplies this for the beginners. We also have intermediate and advanced classes for looking to learn a new technique.

Casting Clinics:

Once a year we host a free casting clinic for beginners that is open to all our club members and the public.

Rod Building:

Ever wondered what the dynamics were of a fly rod? What would it feel like to catch a fish on a rod you built yourself? Well come join us as you are instructed on building the fly rod of your dreams or at least learn how each component of your rod works with you in your fly fishing endeavors.

Our Club

- ◆ Our Club creates new friendships, camaraderie, lasting memories, a bond with nature, enhanced Fly Fishing Skills and Tight Lines.
- ◆ We are a club of Fun, Escapism and sharing of Best Practices.
- ◆ Why, because we love Fly Fishing.

Our club was founded with three goals in mind:

1. Educating the Public
2. Conserving the fisheries, and
3. Contributing it's resources in order to make fly fishing enjoyable and available to all who are interested.

Since then the Club has been working hard to meet it's goals by sponsoring clinics and workshops, hosting noteworthy speakers, participating in conservation projects, and contributing its resources to various conservation organization such as the Interna-
