

The West Fork San Gabriel River Conservancy/FFCOC could use your assistance in introducing young children between the ages of 10-16 years old into the world of Fly Fishing. We are reaching out to Kids with little or no fly fishing experience. The Kids Academy will address the basics in fly fishing that includes how to rig a rod, knot tying, fly tying, casting, reading a river, entomology and its connection to conservation. With your assistance the Kids will receive one on one instruction and a life time of memories.

## West Fork Conservancy Kids Academy 2013

Hosted by West Fork San Gabriel River Conservancy

- When:** Saturday, April 27, 2013  
**Where:** West Fork San Gabriel River/Education Center  
**Time:** 8:00 am - 5:00 pm  
**Cost:** No cost  
**Note:** Parent/Guardian must attend with child  
**Age requirement = 10 -16 years old**

This is an introduction for kids to Conservation through Fly Fishing. Kids will learn how to identify the different attributes of a river and how it relates to Fly Fishing. They will delve into the world of Entomology and how these tiny little creatures are important to the ecosystem.

Other activities will include, casting , knot tyings , fly tying, how to rig a fly rod, and how to read a river. Lunch will be provided .

SWCFFF Clubs are invited to submit participant names no later than Friday April 19, 2013

Only 12 participants will be accepted, all other applicants will be placed on a wait list for the next Kids Academy.
