HUNTING TEST PREMIUM LISTS
LICENSED by the AMERICAN KENNEL CLUB

The German Shorthaired Pointer Club of Minnesota Hunting Test Committee, in conjunction with the Minnesota Brittany Club, are partnering to invite you to our AKC Licensed Double Hunt Test Weekend to be held on:

Saturday, May 21st, 2016 &
Sunday, May 22, 2016
Kelly Farms
11425 155th Street North
Marine on Saint Croix, MN 55047

The two Clubs will be holding **4 complete hunt test events** over the two day weekend, with 1 event per club each day. Each club event will hold 3 stakes per day: Junior, Senior and Master. You will have the chance to enter your dog up to 4 times over the weekend. These tests are designed to test your dog against a written standard from the AKC, and the standards presented are to test your dog's ability in a simulated hunting situation. You are not tested against other dogs, merely the standard put forth in the "AKC Hunting Test Rules and Regulations Manual" which is available from the AKC.

To enter your dog simply fill out an entry form for each club, and designate the stakes you want to enter. A separate payment must be made out to each club, and presented to each respective club's Hunt Test Secretary, to be received by the close of entries. **Both clubs expect a significant number of entries for these tests, so submit your entries early. Please refer to the MNBC premium for the payment and entry process for their events. The Minnesota Brittany Club Premium will be posted online at: <http://www.minnesotabrittanyclub.org>.**

JUDGES: Judges' decisions are final. Once the dog comes to the line, the judge has complete control over dogs and handlers. Judges shall have the authority to disqualify a dog that is not present within five (5) minutes after it has been called to run by the judges. A person may not agree with a judge's decision, but he/she cannot confront the Judge, other than to politely ask why the dog did not qualify. Any rudeness on the part of the handler is subject to disciplinary action. Judges are not obligated to discuss scores with handlers, but if they elect to do so, such discussions shall be held only after completion of the test. A handler can complain to the Hunting Test Committee and write to the AKC, but he/she should not confront the Judge. The Hunting Test Committee will take action regarding such situations at the conclusion of the stake.

BITCHES IN SEASON: Bitches in season WILL be eligible for entry in any Hunting Test, but will be run in the last brace for the stake entered.

SAFETY: All handlers, gunners, marshals, judges and gallery participants for all test levels will be required to wear an upper outer article of blaze orange. A hat alone DOESN'T meet the requirement. Eye protection recommended in Senior and Master tests.

A BREAK ACTION: (S x S, O/U, Single Shot) shotgun must be carried by Master Test Handlers. (No pump action, bolt action, or semi-automatic shotguns are permitted.)

BLANK PISTOL: Must be carried by all handlers in all test levels during their brace.

SCRATCHING POLICY: After closing of entries the GSPCMN will refund entries in full ONLY for dogs that have an injury or illness that prevent running the registered test or that are deceased prior to running in the registered test. The club may require an appropriate veterinary certificate.

FOUR WHEELERS: The GSPCMN Tests will be conducted with Judges riding 4-wheelers.

CERTIFICATION

Permission has been granted by the
American Kennel Club for holding
these events under the American Kennel
Club rules and regulations

AKC Hunting Test For Your Safety...

All Handlers and spectators must wear an article of orange. NO EXCEPTIONS!! Spectators will need to be with a Field Marshall to observe the brace. If you do not have an article of orange, please see a club member to obtain one for use at the event. When done using, please return that article to the club. These events sometimes require the use of 4-wheelers, dogs and horses. The Hunt Test Committee cannot guarantee the disposition of animals. We ask that parents do not allow their children to approach the dogs and horses while they are tied out (without permission). We don't want to see anyone get bit, kicked, wrapped up in chains or hurt in any way.

Junior Hunting Test: A Junior hunting dog must show a keen desire to hunt, be bold and independent, have a fast, yet attractive, manner of hunting, and demonstrate not only intelligence in seeking objectives, but also the ability to find game. A Junior Hunting dog must establish point on at least fifty (50) percent of the birds it encounters, but no additional credit shall be given for steadiness to wing and shot. If the handler is within reasonable gun range of a bird which has been flushed after a point, a blank cartridge must be fired by the handler. Junior hunting dogs must hold point until the handler gets within normal gunshot range. *This requirement should be tempered by practical considerations such as the dog's distance from the handler when it finds a bird.* Junior hunting dogs must also show reasonable obedience to their handler's commands.

Senior Hunting Test: A Senior hunting dog must show all of the attributes of a Junior Hunting dog. In addition, the Senior Hunting dog must be steady to wing on all pointed birds and must remain in position until the shot or they are released. A Senior Hunting dog must retrieve. All birds that are pointed by the Senior dog in a bird field must be shot where safety allows. If gunning is being done on course, all birds pointed on course must be shot where safety allows. A legitimate

attempt to retrieve all downed birds must be made. *Conditions such as the type of cover where the bird landed, the terrain, and the condition of the downed bird, sometimes make a retrieve impossible, and this should not reflect negatively on the score of the Senior dog.* Whenever it encounters its brace mate on point, it must honor. A dog that steals its brace mate's point cannot receive a Qualifying score.

Master Hunting Test: A Master hunting dog must give a finished performance and demonstrate clearly that it deserves to be qualified as such. This is the complete hunting companion that any hunter would be proud to own. It must be under its handler's control at all times, and handle kindly, with an absolute minimum of noise and hacking by the handler. A Master hunting dog must show a keen desire to hunt, must have a bold and attractive manner of running, and must demonstrate not only intelligence in seeking objectives, but also the ability to find game. The dog must hunt for its handler at all times at a range suitable for a handler on foot, and should show or check in front of its handler frequently. It must cover adequate ground but never range out-of-sight for a length of time that would detract from its usefulness as a practical hunting companion. The dog must locate game, must point staunchly, and must be steady to wing and shot on all birds and if it breaks, it cannot receive a Qualifying score. Intelligent use of the wind and terrain in locating game, accurate nose, and intensity on point are essential. Whenever it encounters its brace mate on point, it must honor. A dog that steals its brace mate's point cannot receive a Qualifying score. A Master hunting dog must positively demonstrate its steadiness to wing and shot. All birds that are pointed by the Master dog in a bird field must be shot where safety allows. If gunning is being done on course, all birds pointed on course must be shot where safety allows. Gunning must be done by Official Guns only. A legitimate attempt to retrieve all downed birds must be made. *Conditions such as the type of cover, where the birds landed, the terrain, and the condition of the downed bird, sometimes make a retrieve impossible and this should not reflect negatively on the score of the Master dog.* All killed birds must be retrieved promptly, tenderly and absolutely to hand. The handler shall not command or signal the dog to retrieve until positive steadiness has been demonstrated
