Present at the *SCHEDULED* SAFETY CHECK prior to first drive – NO EXCEPTIONS!

You will be given a visible tag when you successfully pass the safety check. This tag is to be clearly displayed on your turnout throughout the weekend. Horses should be fit and well schooled for driving in open fields and along dirt roads, where you might encounter deer, riders, hikers, bikers, and possibly some automobiles and other carriages. (You do not need to go on public roads with automobile traffic in order to enjoy the grounds, but may have to cross them via tunnel or bridge.)

Accommodations & Camping

Stalls in the race barns are box stalls with rubber matted floors. Doors are sturdy, high, open mesh metal. THE ONLY BEDDING PERMITTED IS STRAW, which will be provided (one per horse). Sunday stall cleaning service will be provided on a paid basis; details on registration form. Other types of bedding are not allowed and can not be placed in manure pile. If this presents a veterinary problem for your animal(s), contact Organizer *prior to arrival* so a special permit can be authorized. Short of a major rain/wind storm, the barn roof overhang will provide reasonable protection for a tack box and some other equipment. There is no covered storage for carriages. The roof overhang on the barns offers only limited cover. Bring a tarp to cover your vehicle overnight (also good for stall clean-out) or store in your trailer to protect it from the weather.

Camping (RV site) with electric and water hook-ups- \$35 per night. Extremely limited availability
Camping (field) with NO electric or water hook-up - \$20 per night. UNLIMITED

Clean bathrooms & showers with hot and cold water are available at the stables.
