

Make a Plan to Vote at Your Polling Place

1. **Check your Voter Registration Status:** Go to the [PA Dept. of State](#) website to verify that you are registered to vote. You will also find **your address, your political party** (if chosen), and **your polling place** where you will cast your vote. Your **Voter Registration Card** will also have this information. (Your [County Elections Office](#) can replace your card.)
2. **Decide if you need ID: Acceptable IDs for the first time you vote or the first time in a polling place are below. Otherwise, ID is not required in Pennsylvania unless your identity is challenged.**
3. Make sure you can **find your polling place** and figure out how to travel there.
4. **Decide what time of day you will go to vote and make necessary arrangements** ahead of time.
5. **At your polling place, you will check in** with an election official.
6. **Carefully look over your PAPER BALLOT, before making your choices. *Made an error? Ask for a new ballot—Do not cross out or erase items.*** (You may also request a ballot-marking device.)
7. Make sure your ballot is complete. Insert your ballot in the machine that **scans it. Do not leave until you see “Thank you for voting!”**. You will have successfully cast your ballot.

Approved Forms of ID (Identification)

Photo ID's
